Luckan, Sammen om en jobb & KVINFO invites you to a conference on:

The Potential of Civil Society in Migrant Labour Market Integration

Tuesday 7th May 2024

**Online and with workshops in 3 different locations in
Copenhagen, Oslo and Helsinki**

Three mentoring programs in the Nordic region invite you to attend our hybrid conference on 'The Potential of Civil Society in Migrant Labour Market Integration'. The aim of the conference is to bring together actors from civil society organisations and the public and private sectors, to discuss how the labour market integration of migrants – particularly women from so-called 'non-Western' countries – in the Nordic region can be improved by strengthening cross-sectoral collaboration.

The conference, including the participatory workshops, will be held simultaneously at three different locations –Copenhagen, Oslo and Helsinki – as well as online.

The conference is to be held in connection with a project funded by the Nordic Council, which involves the exchange of knowledge and experience between three mentoring programs for migrants – KVINFO's mentornetværk (Denmark), Sammen om en jobb (Norway) and FIKA, Luckan Integration (Finland). We shall also be presenting our new report from this project.
